

2018/2019 APPROVED OHYA TEACHER TRAINING MASTER LIST

The following is our current list of Approved Teacher Trainings through OHYA. We encourage all potential teachers to research any teacher training before attending, and to verify it is approved by OHYA. Before any training is approved, it goes through a thorough application process to assure the high quality standards laid out by OHYA are met. We want to make sure our Approved Trainings are creating the next generation of highly trained and effective Original Hot Yoga Teachers, (90 minute 26 & 2 teachers) and then completing teaching internships to earn their Level 1 seal in the OHYA Teacher Directory, adding extra value to their graduation certificates. Most OHYA member studios will hire graduates of OHYA Approved Trainings, but completing an OHYA Approved training does not guarantee employment anywhere. Please confirm with individual studios what trainings they hire from. All trainings are independently owned. Please contact these trainings directly for any specific information or details. Feel free to contact OHYA with any other questions. ohyateachers@gmail.com
